

In Partnership With the US Army Corps of Engineers

Construction Quality Management for Contractors

Robert Schiffer, P.E. — Facilitator

Tuesday, April 13, 8:00a.m.—4 p.m.
Wednesday, April 14, 8:00a.m.—Noon

Construction Training School, 6301 Knox Industrial Drive, St. Louis, MO 63139
2nd Floor Assembly Room

This course is presented to allow contractors to meet Corps' construction contract requirements for the training of contractor quality control personnel. Corps of Engineers Guide Specification CEGS-1451, entitled "Contractor Quality Control", April 1997, requires approval of the contractor's quality control manager being contingent upon the successful completion of this course.

Purpose: This course familiarizes contractor personnel with Corps of Engineers Construction Quality Management concepts and procedures.

Description: This training is divided into these areas of instruction: (1) Introduction; (2) Contractor's Review; (3) Quality Management Planning; (4) Preconstruction Conference and Coordination Meeting; (5) Submittals; (6) Quality Management during Construction; (7) Making the System Work; and (8) the Resident Management System. Each module is further divided into sub modules.

Students will be provided with a student workbook. To successfully complete this course, the student must be present for **both days of class** and achieve a passing grade of 70 on the written test given at the end of the course. A certificate will be issued to all students who satisfactorily complete the course. This certificate is valid for 5 years.

Registration Deadline April 7, 2010

Professional Development Policy Committee reserves the right to limit number of enrollees from one company

Name: _____
Company: _____
E-mail: _____
